

Highway 60 Corridor

A 56-km strip along Highway 60 in the southwestern part of the Park includes:

- **Nine Campgrounds** (maps and other details begin on page 21)
- **Two Museums** (with bookstores and nature shops)
- **Art Centre** (with gift boutique)
- **3 Cross-country Ski Trails** (see Algonquin in Winter brochure)
- **A historic interpretive site at Cache Lake** (at km 23.5)
- **Fire Tower Trail at the Visitor Centre**
- **15 Walking Trails**
- **2 Bicycle Trails**
- **Dogsledding Trail**
- **Picnic Areas**
- **Outfitting Stores**
- **Restaurants and Lodges**

WATCH FOR MOOSE!

Moose pose a serious danger. Stay alert and never exceed the speed limit. At night 60-70km/hr is even better.

VIEWING WILDLIFE...BE CAREFUL!

Pull onto the shoulder, safely off the pavement. Watch your children. Watch for traffic. Stay at a respectful distance from wildlife!

Choose from 15 Interpretive Walking Trails along the Highway 60 Corridor

There are fifteen interpretive walking trails along the Highway 60 Corridor in Algonquin Provincial Park. Through the use of illustrated guide booklets, each trail is designed to explore a different aspect of Algonquin's environment. Walking trails are also located in the north and east side of Algonquin (see pages 16-17).

- **Know your limitations!** Check the length, difficulty, and time required to walk the trail before you start out.
- **Allow enough time** to be off trails and back at your vehicle before dusk, in winter months, before 3 pm.
- **Wear footwear and clothing appropriate** for the trail and weather conditions.
- **Do not rely on your cell phone**; service may be limited or non-existent.
- **Overnight parking at interpretive walking trail parking lots is prohibited.**
- **Regular maintenance of trails occurs only from early May to late October**; you could encounter waterlogged and/or flooded areas, downed branches/trees, and ice or deep snow.
- **Guide booklets are removed from trailhead dispensers from late October to early May**; pre-purchase booklets in-person during business hours at the East and West Gates and the Visitor Centre, or online.

Your safety in Algonquin is ultimately YOUR responsibility. Be prepared!

Adopt-A-Trail

Volunteers are required to walk their trail weekly, pick up litter, and report the need for any serious repair work. This program is coordinated for the Park by The Friends of Algonquin. To adopt a trail, call the Algonquin Visitor Centre at (613) 637-2828.

| TRAIL NAME | LENGTH OF TRAIL | RATING | TIME NEEDED | HWY 60 | FEATURES |
